Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not, alone or in combination, disclose a Hall element detecting a magnetic field component orthogonal to the sensor plate surface of the Hall element; at least one magnet having first and second pole faces disposed on opposite lengthwise sides thereof and having a polarization axis aligned orthogonally with respect to the lengthwise dimension; the first pole face opposing the Hall element and having a non-planar surface contoured to generate a substantially linear orthogonal magnetic field component sensed by said Hall element during linear displacement sensing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
